

Metals

Trusted partner for specialized, scalable, and sustainable logistics solutions

Odyssey Logistics provides integrated, end-to-end intermodal logistics solutions tailored to the unique needs of the metals and heavy industrial supply chain — delivering unmatched reliability, quality, and cost-efficiency. Our deep industry expertise helps manufacturers and shippers streamline operations, optimize costs, and drive competitive advantage in a demanding market.

Intermodal hubs reduce reposition, dwell, and delays while preserving product integrity at every handoff. With sustainability at scale, there is a lower carbon footprint through rail shift, energy-efficient hubs, and solutions aligned with your organization's goal and environmental commitments.
