The Odyssey Advantage

Leveraged solutions for your transportation needs

Manage materials and goods with sourcing and buying power strategy in OTR investments

Support your shipping requirements between origins and destinations

Web-based toolset to quote, book, ship, and track shipments from inception to delivery

Reporting and analysis tools to help understand and maximize freight expense

The Advantages of Multimodal Agility

For more than 20 years, Odyssey Logistics has delivered tailored, adaptable multimodal solutions for complex logistics challenges. Backed by a $3B+ freight network, we leverage technology, data analytics, strategic carrier relationships, specialized assets, sustainability initiatives, and global expertise to create agile, end-to-end supply chains. Integrated work processes, enhanced by real-time reporting and visibility, drive both processes and cost efficiencies, helping your business operate smarter, scale faster, and succeed.

Let's Get There Together

From intermodal to managed services across all modes, Odyssey keeps shipments—and businesses—moving forward.
