## End-to-end supply chain management and global logistics solutions ready to scale

Odyssey Logistics delivers comprehensive managed services that bring together strategy, technology, and execution. Odyssey helps shippers gain greater control, visibility, and efficiency across their supply chains serving as a 3PL, 4PL, or consultative provider. Our experienced teams and advanced analytics drive smarter decision-making, while our flexible, mode-neutral approach ensures solutions are always aligned with customer goals. From day-to-day operations to long-term transformation, Odyssey is a trusted partner for organizations looking to streamline logistics and unlock new opportunities for growth.

## Accelerate Your Supply Chain

Odyssey is a leading full-service, single-source, multimodal logistics partner specializing in areas such brokerage, enterprise, freight management, fulfillment, and tank intermodal services. We drive business forward by providing:

### 3PL Services

Odyssey's 3PL solutions combine logistics expertise, advanced technology, and a nationwide carrier network to optimize transportation operations. We free shippers to focus on their core business by managing daily execution with precision while gaining cost savings, visibility, and dependable performance across their supply chain.

### 4PL Services

As a 4PL partner, Odyssey serves as an extension of your business, designing, executing, and continuously improving your entire logistics ecosystem. With mode-neutral flexibility, integrated systems, and centralized control, we orchestrate complex supply chains across providers, geographies, and modes, delivering operational clarity, long-term value, and greater resilience in a dynamic market.

### Supply Chain Consulting Services

Our supply chain consulting services uncover opportunities to improve efficiency, reduce costs, and mitigate risk. Leveraging deep industry expertise, advanced modeling tools, and critical intelligence, our team provides actionable insights and scalable solutions that help organizations achieve measurable, lasting improvements.

## Discover the Odyssey Advantage

The Odyssey Advantage lies in our ability to seamlessly integrate complex logistics through every step of the journey.
Our project logistics professionals bring deep expertise and precision planning to every move, supported by a network of strategically located terminals and warehouses that enable speed and flexibility. Whether you're shipping high-volume freight or specialized cargo, our scalable solutions are designed to meet your needs from origin to destination.
We operate with unwavering attention to regulatory compliance and safety standards, ensuring your shipments move securely and predictably. With local strength backed by global reach, Odyssey combines proven technology, dependable capacity, and a commitment to excellence—delivering confidence, consistency, and results.

Turn your transport and warehouse partner into a strategic advantage.
Odyssey gives shippers an edge by providing the following:

### Comprehensive Multimodal Services

Simplify your supply chain with a single-source provider for domestic and international transportation, including air and ocean freight forwarding, intermodal, trucking, warehousing, and ocean freight services.

### Supply Chain Visibility

Access immediate capacity, carrier selection, shipment status, and routing with best-in-class technology.

### Simplify Complex Logistics

Build a resilient supply chain designed to withstand complexity, letting you focus on your core business.

### Navigate Specialty Markets

Approach complex freight, such as chemicals, metals, or special projects with a custom, experienced-driven solution.

### Predictive Modeling

Powered by your data, our technology can model and visualize different variables, allowing you to preview the outcomes of changes to your supply chain before they happen.

### International Expertise

Navigate complex global shipping requirements with licensed customs brokerage, import/export compliance support, NVOCC services, and experienced international freight forwarding professionals.

# Turnkey Chemical Sample Distribution

Odyssey's chemical sample fulfillment and distribution services deliver speed, compliance, and precision at a global scale. We ensure safe, on-time delivery to customers and prospects by managing the entire fulfillment process, from secure packaging to international regulatory compliance. We offer temperature-controlled and frozen storage for hazardous and non-hazardous materials.
