

Global Managed Services

Increased Visibility, Control and Savings

Odyssey Logistics safely and efficiently handles millions of shipments annually for a diverse customer base of manufacturers, distributors, retailers, freight forwarders and intermediaries across all industry categories.

Odyssey helps businesses optimize their logistics and supply chains by identifying opportunities and challenging the status quo to help redefine operating procedures and business rules. Our logistics and supply chain expertise and experience – from 4PL to total outsourcing to ala carte services – can help you create lean and competitive business processes that yield results across assets, inventory, and resources.

Odyssey offers real-time dashboards and business intelligence (BI) platforms to analyze relevant data and provide you with a clear, concise, and actionable picture.

All this provides strategies that are easy to deploy, manage, and measure.

Supports all modes and regions

Allows for single integration to customer ERP system

A global SaaS TMS platform to include multiple regions, multiple ERPs

Provides event management and visibility

Specialists in Bulk Logistics

Hazardous Materials Expertise

Continuous Improvement Program

Project CloverLeaf and Sustainability Initiatives

The Advantages of Multimodal Agility

For more than 20 years, Odyssey Logistics has delivered tailored, adaptable multimodal solutions for complex logistics challenges. Backed by a \$3B+ freight network, we leverage technology, data analytics, strategic carrier relationships, specialized assets, sustainability initiatives, and global expertise to create agile, end-to-end supply chains. Integrated work processes, enhanced by real-time reporting and visibility, drive both processes and cost efficiencies, helping your business operate smarter, scale faster, and succeed.

Let's Get There Together

From intermodal to managed services across all modes, Odyssey keeps shipments – and businesses – moving forward.

Sustainable Logistics that Drive Change

Our CloverLeaf™ program transforms our deep commitment to sustainability into a growth engine for our customers and stakeholders. By leveraging actionable data, we identify opportunities to reduce costs, improve margins, and meaningfully lower the environmental impact of our customers' global supply chains.

The Power of Our Global Network

Our worldwide network has the leveraged volume, regulatory expertise and local resources to provide the global reach you need.
