End-to-end storage and distribution services ready to scale

Odyssey Logistics offers a powerful combination of transportation and warehouse services designed to streamline complex supply chains and improve operational performance. With a nationwide network of strategically located facilities and a flexible mix of asset-based and brokerage transportation solutions, Odyssey delivers scalable capacity, real-time visibility, and resilient performance. Our experienced team and advanced technology make us a trusted partner for businesses that demand reliability from the dock to the final mile.

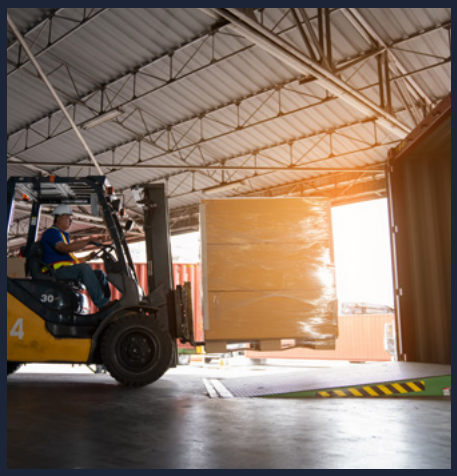

Industry Expertise

Odyssey is a leading full-service, single-source, multimodal logistics partner that is especially proficient in the following areas:

Warehousing and Distribution

Maximize efficiency and reduce costs with our warehousing and distribution services. We offer just-in-time delivery, rigorous quality control and inspection, and inventory management. We also provide temperature-controlled storage for frozen, chilled or protected goods, as well as specialized services for food and beverage, and chemical sampling.

Transloading

Move your freight efficiently from port to final destination. Our comprehensive transloading services help you seamlessly move between modes of transport. Track, consolidate, and warehouse product, maximizing your supply chain flexibility.

Metals

Odyssey specializes in warehousing and transport solutions for the metals industry. Our humidity- and temperature-controlled warehouses provide advanced inventory tracking and can be serviced by rail. Our flatbed services are staffed by drivers, dispatchers, and staff who are experts in new regulations and safety practices.

Discover the Odyssey Advantage

The Odyssey Advantage lies in our ability to seamlessly integrate complex logistics through every step of the journey.
Our project logistics professionals bring deep expertise and precision planning to every move, supported by a network of strategically located terminals and warehouses enable speed and flexibility.
Whether you're shipping high-volume freight or specialized cargo, our scalable solutions are designed to meet your needs from origin to destination.
We operate with unwavering attention to regulatory compliance and safety standards, ensuring your shipments move securely and predictably.
With local strength backed by global reach, Odyssey combines proven technology, dependable capacity, and a commitment to excellence—delivering confidence, consistency, and results.

Turn your transport and warehouse partner into a strategic advantage.
Odyssey gives shippers an edge by providing the following:

Comprehensive Multimodal Services

Simplify your supply chain with a single-source provider for drayage, warehousing, distribution, transloading, and over-the-road transport.

Supply Chain Visibility

Access immediate capacity, carrier selection, shipment status, and routing with best-in-class technology.

Secure Public Warehousing

Strategically located across the U.S., Odyssey has nationwide reach with seamless deliveries to keep your products close to every market you serve. Our facilities are equipped with sprinkler systems, fire and burglar alarms, and 24-hour video surveillance. Most facilities are rail-served.

Reliable Truckload Transport

A full truckload (FTL) and less-than-truckload (LTL) carrier network designed to be flexible, agile and dependable to keep shipments moving.

Specialty Flatbed Services

Safe, reliable flatbed and dry van trucking solutions tailored for heavy haul cargo loads. We offer a diverse fleet including multi-axle sleds, five axle trucks and extendable flatbeds, all enabled with GPS tracking.
