

Metals Warehouse

Precision warehousing for metal goods

Odyssey Logistics is the trusted third-party warehouse partner for leading manufacturers. For years, we've operated food-grade facilities designed for the safe, efficient storage of empty aluminum and glass beverage containers, as well as aluminum coils used in can manufacturing. Our warehouses are purpose-built to handle the weight and volume of aluminum coils, with specialized equipment and layouts that maximize space utilization and reduce costs.

Odyssey operates food grade warehouses for the storage of empty aluminum and glass beverage containers and aluminum coils used in the manufacturing of aluminum cans. Our warehouses are equipped to handle the weight of aluminum coils, and have the equipment and storage facilities to maximize space and minimize cost.

The Advantages of Multimodal Agility

For more than 20 years, Odyssey Logistics has delivered tailored, adaptable multimodal solutions for complex logistics challenges. Backed by a $3B+ freight network, we leverage technology, data analytics, strategic carrier relationships, specialized assets, sustainability initiatives, and global expertise to create agile, end-to-end supply chains. Integrated work processes, enhanced by real-time reporting and visibility, drive both processes and cost efficiencies, helping your business operate smarter, scale faster, and succeed.
